

## OBREGON OUTLINES HIS PROPOSALS

### Hopes to Arrange for Early Retirement of American Troops

### SCOTT ON WAY TO EL PASO

### Chief of Staff and General Funston Will Reach Border City Today

### REDISPOSITION PROCEEDING

CHIHUAHUA, Mexico, April 27.—General Alvaro Obregon, minister of war of the Mexican de facto government, will assure Major General Scott and Funston at their coming conference in Juarez or El Paso that the Carranza forces are now fully able to cope with the Villa bandits that are operating in Southern Chihuahua. The minister of war said he hoped to arrange for an early retirement of the American troops from Mexican soil.

Before his departure tonight for Juarez, General Obregon, who was accompanied by General Trevino, Carranza commander at Torreon, outlined to the Associated Press the official proposals that he intends to submit to Generals Scott and Funston. Incidentally the Mexican minister of war denied reports that there was any friction between himself and General Venustiano Carranza.

General Obregon said regarding the coming conference, which is expected to determine the future military courses of both the American and Mexican troops:

"I am going to Juarez to convince the American representatives that our army is more than amply sufficient to control the small groups of Villista bandits which are still at large and outside the law."

"I hope to arrange the prompt retirement of the American troops into their own country."

General Obregon left Chihuahua on his special train at 10 o'clock tonight.

Scott on Way to El Paso. San Antonio, Texas, April 27.—Major General Hugh L. Scott, chief of staff of the American army, was on his way tonight to El Paso to discuss with General Alvaro Obregon, Carranza's minister of war, questions incident to the presence of American troops in Mexico. Accompanied by Major General Frederick Funston, General Scott left here at 8:50 tonight. They should arrive at El Paso tomorrow at six o'clock. With them went their respective aides.

Just what Generals Scott and Funston are going to discuss with General Obregon and just what preparations they will make, remained unknown here tonight.

It was not anticipated by Generals Scott and Funston that all would be adjusted after one brief talk with General Obregon. It was regarded as more likely that the first conference would be merely one of a series and that the intervals might be long enough for both General Obregon and General Scott to communicate with their respective governments regarding the various suggestions as they were made. General Scott does not have plenary powers and it is not believed that General Obregon has power to enter an agreement without first submitting it to General Carranza.

Another Lull in Situation. Washington, April 27.—Outside of the possible activities of General Pershing's cavalry patrols, there was another lull in the Mexican situation today. General Obregon and the Carranza officials accompanying him were approaching the border from the south while Generals Scott and Funston were preparing to meet the Mexican officers in Juarez or El Paso at the conference upon which much may depend. Neither in Washington or on the border was there any definite information as to when the conference would begin. General Obregon should reach Juarez tomorrow night at the latest. It is thought, and the American officers also will be at the meeting place by that time.

Pending the result of this attempt to secure the co-operation of the Carranza forces against brigandage beyond the border the Washington government will take no further steps, either military or diplomatic.

General Scott has received the instructions for his guidance prepared by Secretary Baker. The redispotion of the forces in Mexico is proceeding under General Funston's directions. No steps are being taken at the state department toward preparing a reply to General Carranza's note suggesting a withdrawal of the American troops and none will be taken until the conference concludes.

Navy and state department advices from various parts of Mexico

### GENERAL JUAN CARRASCO STARTS NEW REVOLUTION IN MEXICO

Report Is Borne Out by Advices That Mexican Transport Sails for Mazatlan to Reinforce Carranza Garrison.

San Francisco, Calif., April 27.—General Juan Carrasco, heretofore a Carranza follower, has started a revolution in southern Sinaloa against the president of the de facto government of Mexico, according to an unconfirmed report received today from the west coast by officials at the Mare Island navy yard. The report is borne out by advices from Guaymas to the effect that the Mexican armed transport Korrigan III had sailed from Guaymas, presumably for Mazatlan, carrying troops and fifteen field guns to reinforce Carranza's garrisons.

Anti-American feeling is intense in Sinaloa according to the reports received at the navy yard. General Flores, commanding the Carranza troops in that state, has given assurances that he will protect foreigners in the event of an uprising. His forces will be strengthened with the arrival of the Korrigan III.

The United States cruiser Denver is at Guaymas. The Yorktown is at Topolobampo and the destroyer Whipple is at Mazatlan. The Chattanooga is en route to Guaymas and the Annapolis is at Mazatlan today.

General Carrasco became widely known in the latter part of 1913 and 1914 thru his minting of the so-called Carrasco dollars. In his operations on the west coast Carrasco seized a large quantity of bullion bars at a mine belonging to Huerta sympathizers. Having no other means of paying his troops he proceeded to turn his bullion into dollars. This was done by means of moulds made by pressing a regular Mexican dollar into damp sand in which the molten bullion was poured. The bullion was the color of silver and that it contained other precious metals was unknown to Carrasco or his troops when they were distributed.

### INTRODUCE BILL PROVIDING FOR EXTENSION OF MILITARY SERVICE

Measure Arouses Such Opposition British Government Announces It Will Not Press It.

London, April 27.—A bill providing for extension of military service was introduced in the house of commons today but aroused such opposition that the government announced it would not press the measure. Walter Hume Long, president of the local government board, placed the bill before the house, saying it was the intention of the government to enlist every unmarried man between the ages of 18 and 41. He said one month would be allowed before the bill, if passed, went into effect. The measure met with severe criticism from all sections of the house. Premier Asquith announced that in view of this feeling the government would not press the bill.

Compulsory military service for single men was provided for in a bill passed in January. The application of the measure has been limited, however, by the existence of many classes of exemptions.

It was announced later that the government had withdrawn the military service bill owing to the strong opposition in the house.

It was understood that the bill embodying certain aspects of the proposals outlined in the report of the secret session at which recruiting was taken up had been approved by the ministry and the army council.

### ONE WOMAN DIES; THIRTY EIGHT HURT IN STREET CAR ACCIDENT

CINCINNATI, O., April 27.—A Vine-Burnet street car crowded with men, women and children became unmanageable as it was approaching McMillan street here today ran wild on a downgrade for six blocks, jumped the track, crashed into a telegraph pole, which almost demolished it and caused the death of one woman and injury to 38 others.

Miss Carrie Stiller, aged 31, an attendant at the Cincinnati General Hospital, was decapitated. She was to have been a bridesmaid tonight at the wedding of Miss Carrie Geisler who was with her on the car. Miss Geisler was seriously, although probably not fatally injured.

Physicians at the various hospitals to which the injured were hurriedly taken announced late today that probably twenty of the injured were in a serious condition.

### BRING AVIATOR INTO HOLLAND.

Scheveningen, Holland, April 27.—via London.—A lugger brought into this port today a bi-plane bearing the French colors but carrying a British officer named Beare. The aeroplane and its occupant were picked up fourteen miles from the coast after it had floated helplessly there for thirty hours. The aviator had been obliged to descend because of the lack of fuel.

Reports to the department showed the troops in Mexico to be fully provisioned and equipped now for a month at least. Lines of communication are so well established that officers here feel no uneasiness on the supply question.

### RECEIVE NO FURTHER ADVISES FROM BERLIN

### LANSING STATES SUBMARINE SITUATION REMAINS UNCHANGED

Officials Regard Announcement that Ambassador Gerard is to Confer With Emperor William as Significant.

Washington, April 27.—Secretary Lansing said late today that he had no further advices from Berlin regarding the submarine issues and the situation remained unchanged. The German embassy also was said to be without information.

Announcement in press despatches from Berlin that Ambassador Gerard would confer with Emperor William at the army headquarters was regarded by officials as significant. Official information on the subject was lacking but the opinion was freely expressed that it was not at all unlikely that the emperor might have in mind supplementing Germany's reply to the American note which demanded the immediate abandonment of submarine warfare with a personal communication of some kind to President Wilson.

Ambassador Gerard in visiting the emperor is not acting under instructions received from Washington. Consequently officials assumed that the emperor invited Mr. Gerard to confer with him. In both official and diplomatic quarters the injection of the emperor's personality into the situation was regarded as being a hopeful indication.

President Wilson expects to receive the German reply within the next few days. It became known today, although the basis for his expectation was not revealed. Up to the present in spite of messages from Berlin, he is entirely without definite information of the intentions of the German government. The president, officials declare will not be influenced in the slightest by the thousands of telegrams sent in the past few days to Senators and representatives urging them not to approve any action which might lead to war. His course in the German situation will be guided entirely by the character of the German reply. Should any serious effort be made to embarrass him it was declared authoritative; he will again go before congress and declare that members go on record for or against his policy. It was disclosed at the state department during the day that the memorandum in regard to the armament of merchant ships, made public yesterday had been sent to all American embassies and legations in Europe for their information and guidance.

Secretary Lansing announced that he had received from the British government a copy of the confidential instructions to captains of British merchant ships, now said to be in operation.

The secretary has not yet compared the British version of the instructions with the German version, which was submitted with the German declaration of intention to regard as warships enemy merchant ships carrying armament. It was said however, that the British version appeared to be nearly if not wholly, identical with that which was given out in London last February and cabled to the United States in press despatches.

It was indicated that some statement might be issued later by the state department for the guidance of Americans traveling at sea.

Reviews Ten Years Work of Laymen's Missionary Movement

WASHINGTON, April 27.—Ten years' work of the Laymen's Missionary movement both in the United States and abroad, was reviewed today by speakers at the national congress of the movement now in session. Accomplishment in the organization of missions and the introduction of business methods in churches were emphasized.

It was announced that since the movement began in 1906 it had tremendously increased the amount of mission collections and had aroused an interest in missionary work never shown by business men.

Two Thousand at Work to Save Burlington and Northwest Roads

LaCrosse Will Have Highest Water in Twenty Eight Years Today.

LaCrosse, Wis., April 27.—An army of 2,000 men is stretched over fifteen miles of railroad tracks on the Chicago, Burlington & Quincy and Northwestern Lines between Midway and East Winona tonight, working desperately to save the right of way from washouts which seem imminent in dozens of places along the lines.

The Mississippi tonight attained a stage of 13.6 at LaCrosse, the mark being only one tenth of a foot below the high point reached by the river in 1897. The stream is still rising and by morning LaCrosse will have the highest water in twenty eight years.

Use Rock to Combat Flood Winona, Minn., April 27.—Thousands of tons of rock and stone have been used in combating the flood waters of the Mississippi river here and indications are tonight that the greatest danger is passed. The river, it is believed, is at its crest.

### TELEGRAPHIC BRIEFS

PEORIA, Ill.—The Illinois legislature's home rule committee taking testimony here heard commendation for the state public utilities commission. None of the witnesses was in favor of home rule for utilities.

GRAND RAPIDS, Mich.—John S. Linton, secretary of the National Association of Furniture Manufacturers, is dead at his home in Otsego, Mich. Death was due to pneumonia. Mr. Linton was 61 years old.

JOLIET, Ill.—Determined to aid in checking theft of automobiles in Illinois, the state board of pardons ruled that automobile thieves who are sent to prison under the indeterminate act hereafter shall serve the maximum term of six years and three months.

LANSING, Kans.—Feeling at the state penitentiary against Fred Bissell, the Topeka baker, alleged to be the slayer of Edna Dinsmore, ten years old, who was found dead in a burning house in Topeka Tuesday, apparently has subsided but guards are keeping a close watch on the situation.

JOLIET, Ill.—Mrs. E. J. Bergens, until recently a resident of Galveston and S. P. Green have been arrested under a Mann act charge. The police say Mrs. Bergens has had eight husbands. She told the authorities that Green "lured" her from her last spouse.

LONDON.—Colonel The Honorable Charles John Coventry, second son of the Earl of Coventry, who was in command of the Worcestershire Yeomanry in Egypt, has been made a prisoner, according to a cable dispatch received by his father. Colonel Coventry married Lily Whitehouse of Newport, R. I., in 1909.

### HUSTING CHARGES PROMOTION OF PLOT TO DECEIVE CONGRESS

States Embargo Conference With Paying for Propaganda Protesting Against Any Break Between the United States and Germany.

Washington, April 27.—The American Embargo conference, an organization with headquarters in Chicago, was charged by Senator Husting today with promoting a plot to deceive congress and poison public opinion by originating and paying for the propaganda which for several days has deluged senators and representatives with many thousands of telegrams protesting against any break between the United States and Germany. The Wisconsin senator read in the senate copies of letters sent to his constituents containing four form telegrams of protest like those received by congressmen, and saying the embargo conference would pay telegraphic tolls on all such messages forwarded. He charged that the forms had been prepared in advance and that the conference had studiously awaited an opportunity to launch this propaganda when it might do most to convince the country that the president and congress were bent upon war.

Senators Sherman of Illinois and Pomeroy of Ohio also denounced the propaganda, but Senator Works of California, criticized Senator Husting for stirring up discussion of the subject. Altha Senator Husting advocated a congressional investigation of the conference, he introduced on resolution and the debate ended without action.

### PRES. WILSON SENDS MESSAGE TO PUBLISHERS

### BANQUET BRINGS MEETING OF ASSOCIATION TO AN END

Men of Prominence in Many Walks of Life are Guests of Organization—Gov. Whitman and Secretary Baker Address Gathering.

New York, April 27.—A message from President Wilson expressing the hope that the press of the United States may always use its influence for "fair play, right understanding and the peace, prosperity and glory of America," was read tonight at a banquet which brought to an end the annual meeting of the American Newspaper Publishers' association.

Men of prominence in many walks of life were the guests of the organization. They included Governor Charles S. Whitman, Secretary of War Newton D. Baker, Mayor John P. Mitchell, Dr. V. K. Wellington Koo, Chinese minister to the United States, Representative John J. Fitzgerald, Senator Warren D. Harding, Otto H. Kahn and Daniel Willard.

In reply to the president's telegram a message signed by Herbert L. Bridgman, president of the association was sent to the white house assuring Mr. Wilson that the American Newspaper Publishers' association "stands for the first word of its name and will defend it against all comers."

Governor Whitman in his address declared the press to be "the great interpretative factor in American life."

Mayor Mitchell said good government in this country depends upon good newspapers "because we depend on them for our knowledge of current events."

He declared that this responsibility is very grave at present.

Mobilization of American industries and commerce as a prime factor of preparedness for national defense was urged here tonight by Secretary Baker of the war department in an address before the annual banquet of the American Newspaper Publishers' association. He declared that the necessity of such a mobilization was one of the great lessons learned from the European war.

"At first this question (preparedness) revolved around mere military preparation in the narrow sense," said Mr. Baker. "But as the war developed in Europe we learned that these things are but a part of preparation and a relatively useless part unless they are based upon other things very much more difficult to secure, things which must be secured long in advance of a crisis or else be then obtainable only with peril and fear unnecessary. We have witnessed the nations of Europe, preparing as they fought and they have come to realize that perhaps the most important kind of preparedness is a kind which is equally available and useful in times of peace and which if secured will not only render our military preparation more effective but will steady and strengthen and inspire the nation when engaged in peaceful pursuits."

"Three fold mobilization is necessary in any country for war, and of these three elements, two are as valuable and as vital in times of peace as in times of conflict. "In the first place there must be, of course, arms and soldiers, ships and sailors and these must be modern and adequate."

"The second mobilization necessary is that of our industries and commerce. The war in Europe had been under way more than a year before some of the countries were able to equip the men who volunteered for their armies."

"The third mobilization that is necessary is spiritual. In order to make sacrifices for America we must be sure that our stake in the country justifies it. Our institutions must be so just, our arrangements so fair that every man in this nation will realize how completely his opportunities and that of those who come after him rests upon the continuing prosperity of the nation as a whole."

NAME JAMES WILSON HEAD OF NATIONAL AGRICULTURAL SOCIETY

Avowed Purpose of Association is to Serve as the Mouthpiece of Farmers in Agricultural Questions of Nation-Wide Interest.

New York, April 27.—James Wilson of Traer, Iowa, secretary of agriculture in the cabinets of Presidents McKinley, Roosevelt and Taft, was elected president of the National Agricultural Society, which was organized here today.

The avowed purpose of the association will be to serve as the mouthpiece of the farmers of the United States in agricultural questions of nation-wide interests.

Some of the subjects which will be taken up, it was said, are rural credits, uniform agricultural legislation, the promotion in congested centers of population of an interest in rural activities, co-operation in conservation of natural resources, the co-operation among farmers in establishing better methods in marketing and distributing farm products.

Theodore N. Vail, president of the American Telegraph and Telephone company, was elected vice-president of the society. Headquarters of the organization will be located for the present in this city, but eventually will be established permanently in Washington.

### HOUSE DEMOCRATS APPROVE PHILIPPINE INDEPENDENCE BILL

Agree to Permit Amendment to Prohibition Section of Bill—Twenty-Eight Announce They Will not be Bound by Caucus Action.

Washington, April 27.—House Democrats in caucus tonight approved by a vote of 140 to 35 the senate's Philippine independence bill, but agreed to permit an amendment in the house to the prohibition section of the measure.

Twenty-eight members announced that they would not be bound by the action of the caucus.

The vote came after the caucus had been in session until nearly midnight. Opponents of the bill fought vigorously to prevent action as they did successfully last night in spite of the reading of a letter from President Wilson giving the measure unqualified endorsement.

As soon as the agricultural appropriation bill which is to be passed tomorrow or Saturday, is out of the way, the Philippines bill will be taken up in the house for passage. The Democrats opposing it will have the support of most of the Republicans but Representative Jones of Virginia, chairman of the insular affairs committee said tonight he was confident of its passage. Neither Speaker Clark nor Majority Leader Kitchin took any part in the caucus discussion. Those who voted against the resolution declaring that the bill should be passed by the house were:

Representatives Allen, Beakes, Bruckner, Carey, Casey, Coady, Conry, Dale, Dewar, DeLoach, Egan, Estopinal, Farley, Fitzgerald, Flynn, Gallagher, Gallivan, Griffin, Hart, Hubert, Igou, Lieb, McAndrews, McDermott, Maher, Olney, Overmyer, Patten, Reilly, Rorison, Shirley, Smith of New York, Steele of Pennsylvania, Taggart and Vanduyke.

Representatives Jones of Virginia, Garret of Tennessee, Rainey of Illinois, Hefflia of Alabama, Eagle of Texas and Thomas of Kentucky, made speeches in favor of the bill while, Representative Conry of New York, Shirley of Kentucky, Ogelsby of New York and Taggart of Kansas opposed it.

APPARENTLY AT A DEADLOCK OVER DISPOSITION OF PAPERS

State Department Willing to Return Papers if Official of German Embassy Identifies Them as Being Official.

Washington, April 27.—The state department and the German embassy apparently are at a deadlock over the disposition of papers seized by agents of the department of justice when they raided the office in New York of Wolfe Von Igel, former secretary to Captain Von Papen, recalled military attaché of the embassy.

The state department is willing to return the papers, as demanded by the German ambassador if he or some other responsible official of the embassy will identify them as being official.

Count Von Bernstorff insists upon having all the documents removed from the office and refuses to personally identify any of them unless directed to do so by his government.

He has asked the Berlin foreign office for instructions.

Both Count Von Bernstorff and John B. Stanchfield, counsel for Von Igel in the criminal proceedings against him, called upon Counselor Polk today. The ambassador discussed the case of Von Igel informally, but did not ask for the papers. He said later his visit had not changed the situation in the slightest degree.

Regarding published reports that the state department had made possible the capture of Sir Roger Casement by turning over information to the British government, Secretary Lansing said emphatically today that the department had no knowledge of Sir Roger's expedition until after he had been captured. In other official quarters it was said with equal emphasis that there was nothing in the papers taken from Von Igel which would have shown that such an expedition was on foot.

SPEAKERS CRITICISE FOREIGN POLICY OF ADMINISTRATION

PITTSBURGH, Pa., April 27.—The foreign policy of the present administration, especially that of Mexico was severely criticised by speakers at the annual Grand Day banquet of the American club here tonight.

Phiander C. Knox, secretary of state in President Taft's cabinet, explained why Mr. Taft did not recognize General Huerta as president of Mexico and replied to the assertion that President Wilson inherited the troublesome Mexican situation from his predecessor, while United States Senator Penrose of Pennsylvania declared the management of the Mexican situation was one of the most deplorable matters in our diplomatic history.

## WHOLE OF IRELAND UNDER MARTIAL LAW

### Disaffection Spreads to Points in the West and South of Island

### FIGHTING IN DUBLIN

### Rebels in Dublin Still Holding Positions They Captured in the City

### GERMANS ESSAY ATTACKS

The whole of Ireland is under martial law as a result of the attempted revolution in Dublin. The disaffection has spread to points in the west and south of the island, but here, as in Dublin, strong military activities are under way to put down the movement. The rebels in Dublin are still holding positions they captured in the city and at last reports fighting was going on in the streets between the troops and the Sinn Feiners.

The submarine issue between the United States and Germany is still being considered by the German government.

Gerard to Visit Kaiser.

James W. Gerard, the American ambassador to Germany, is to visit Emperor William at army headquarters and discuss the situation with him. The ambassador has also had conferences with the German imperial chancellor and foreign minister at which the American government's demands on Germany doubtless were fully gone over. The date for the sending of the German reply to the American note has not yet been announced. The sectors of Avercourt, Ennes and Cumieres, northwest of Verdun are still under the same heavy bombardment that has been in progress for several days. No infantry attacks by the Germans have yet been attempted here, according to the Paris official communication, but an attempt at an advance probably is imminent as the artillery preparations usually presage an attack.

Artillery engagements have featured the fighting on the other parts of the line in France and Belgium, although the French aircraft have carried out bombing operations against numerous German positions.

The German guns are keeping up their heavy bombardment of the Russian position at the Ikskul bridgehead.

Further south the Teutons launched an infantry attack near Baranovich, but were repulsed by the Russians. Still farther to the south the Russians have captured the village of Chromiakova, along the Rovno-Kovel railway and put down a counterattack which sought to regain the village. With the return of good weather, heavy artillery actions and infantry attacks at various points are again in progress along the Austro-Italian line, but no important changes in position have taken place. A massed Austrian attack in the Carso-Selz zone was put down with heavy losses according to Rome.

In Asia Minor to the south of Bitlis the Russians have dislodged the Turks from all their positions in the mountains, says the Petrograd communication.

Sink British Submarine.

The British submarine E-22 was sunk by German naval forces on April 25. The announcement was made today by the German admiralty and its truth is admitted by the British official press bureau. Berlin also declares that on the same day a British cruiser of the Arcona class was torpedoed by a German submarine.

London announces that the Norwegian bark Carmanian was sunk by gunfire from a German submarine off the coast of Ireland on Tuesday. The crew took to the boats, one of which capsized, the other, with the captain and nine men, reaching the coast.

Copenhagen reports that the Norwegian steamship Stromsnaes bound for Lubbeck with a cargo of herring from Norway has been blown up and sunk off Gledser, Denmark.

The crew was landed at Warnemunde, Germany.

### Political Retrospection

Political history, even for a short period, furnishes some strange contrasts. It was back only in 1912 that Representative Hedlin, Democrat, of Alabama, said in a tariff debate in congress, opposing the tariff board, "What is your tariff for? You know, and the people know, what it is for. It is for the postponement of tariff revision." The records show that there was applause from the Democratic side of the house. This record has a strange sound when one remembers that President Wilson has recently demanded that a Democratic congress pass at an early date a bill providing for a tariff commission. Representative Hedlin should now ask what Mr. Wilson's board is for.

### Expert Facts for Farmers

Democratic statisticians are attempting to prove that because of present prices of farm products, the low rates of the Underwood tariff bill can never hurt American farmers. In compiling these figures the experts are evidently overlooking the fact that American farmers now are engaged in feeding some of the greatest armies the world has ever known. During the first year of the war the U. S. exports of bread stuffs to Europe increased 213 per cent; horses 2,490 per cent; mules 2,795 per cent; hay 253 per cent; meat and dairy products 75 per cent. These export figures show how intimate is the relation between present prices and the great war.

### Favoring Foreigners

When an attempt was made in the senate recently to put an adequate duty on dye stuffs so that American manufacturers might be encouraged to embark in an industry in which we are now dependent upon Germany, strong opposition resulted. Senator Lodge of Massachusetts offered the amendment providing for increased duties on dye stuffs with the hope of inducing American manufacturers to establish industries and produce the dye stuffs at home. Senator Underwood declared that the reason for the lack of dye stuffs just now is, aside from the question of transportation, the fact that German laboratories are too busy making acids for munitions to turn out dye. He declared that after the war there would be plenty of German dyes, and following Democratic traditions in unwillingness to protect American industry against foreign invasion. So Republicans in congress are referring to German "victory without arms."

### Real Fraternalism

A fraternal society has been organized in Chicago for the broad purpose of uniting other fraternal organizations to not limit their interest to members of their own order.

## Rippling Rhymes By WALT MASON

### THE WICKED WAR

I bought a ton of shredded coal. "The price I've had to raise," remarked the dealer, as he doled, and checked his loaded drays. "The war in Europe makes things high, and you'll be passing wise if you produce your wad and buy, before before another rise." I went downtown to buy some ice, to use in place of coal; that dealer, too, had raised the price, and sprung his rickshaw. "The warring nations cannot find their guns; they're buying all the ice that's mined, and still lack countless tons." I asked the baker for a pie, to feed my hungry aunt; he said, "The war has made pies high—" I cried, "Afront! Avoant! You merchants hand out whiskered lies, that you may boost the price; they are not shooting men with pies, or loading guns with ice. I don't object to being skinned, when skinners demand, but if you must use heated wind, produce a fresher brand."

ganizations. The new society is building on a broad platform—one which includes some vital questions. It is intending to preach the doctrine that the real brotherhood of man is wider in its meaning and scope than lodge room walls. It will take a long period for the full development of the idea and ideal, but the thought has frequently been sounded by men who held membership in fraternal orders that the highest good to be accomplished by these organizations has not yet been reached.

A local man who belongs to a number of the more prominent fraternal societies and who has held high office in these organizations, said recently, "I have great respect for the fraternal societies, but I believe that they will not grow, and, in fact, will become weaker, unless there comes a deeper realization of what fraternalism really means. The work of fraternal societies should be so broadened in its scope that there will be endeavors for the betterment of society in general. In the past, fraternal organization efforts have been limited to helping the members or their relatives. If the fraternal organizations are to live and grow, fraternalism must be taught in its larger meaning. Many lodge men after a few years of the routine, tire of it and their membership means only the payment of dues. If the orders were really engaged in some general work of betterment for society, the interest of these older members would be retained. The only organizations that live today are those that work in a broad way, and to my mind this is the big question which is facing our fraternal societies."

### Damage Because of Lightning Stroke

A rather interesting example of the far-reaching application of the Workmen's Compensation Act is found in the case of State ex rel. Peoples Coal & Ice Company v. District Court of Ramsey County et al. A Minnesota Supreme court case, is referred to in a pamphlet published by the West Publishing Co.

One Newman was in the employ of the People's Coal & Ice Company as a driver on one of its ice routes. He drove an open wagon, and his duties required him to work in all kinds of weather. It was permissible to seek shelter from storms in such way as one might, but the necessity of prompt daily deliveries required the drivers to complete their routes in substantial disregard of weather conditions. On the morning of September 1, 1914, during a severe rainstorm, accompanied by lightning, Newman was on his usual route. He left his team in the street and went towards a large elm standing just within a lot line, either for protection from the storm, or on his way to solicit orders. There was an iron fence along the lot. Just as he reached this, he was struck by lightning and killed. Compensation was awarded, and the award confirmed by the district court of Ramsey county, and the state, on the relation of the company, brings certiorari.

Judge Dibell says in part: "If the deceased was exposed to injury from lightning by reason of his employment, something more than the normal risk to which we are all subject, if his employment necessarily accentuated the natural hazard from lightning, and the accident was natural to the employment, though unexpected or unusual, then a finding is sustained that the accident was one arising out of the employment." An injury, to come within the Compensation Act, need not be an anticipated one; nor, in general, need not be one peculiar to the particular employment in which he is engaged at the time. \* \* \* We are of the opinion that the evidence is sufficient to sustain a finding that the accident to the decedent resulting in his death was one arising out of his employment."

### Has Done Good Work.

Attention is called to the report of the hospital aid society of Passavant hospital and in considering the work of this worthy organization it is not just to mention the arduous, untiring devotion of Mrs. Kate H. Hollinger for the last sixteen years. Mrs. Hollinger has labored for the hospital at all times and under all circumstances and she merits all praise from those interested in the welfare of the hospital, and this without detracting any from the value of the services rendered by other ladies also.

## NEGRO REPUBLICANS HOLD RUMPT CONVENTION

New Orleans, La., April 27.—A convention of the colored Republican voters of Louisiana is being held today, and a separate delegation will be selected to represent the state at the Chicago convention. When the Republican state convention opened a month ago, the colored delegates were refused admittance to the hotel. The negroes charged that the hotel which barred the colored delegates was a ruse by which the whites eliminated the negroes. It is expected that the colored delegation that will be sent to Chicago will contest the seating of the white delegation, and will demand that they be seated instead.

### STRIKERS WILL RETURN TO WORK.

Chicago, April 27.—Employees of the International Harvester company who went on strike today will return to work tomorrow, according to George A. Rainey secretary of the company, who said a committee of the strikers and the superintendent of the plant had held a meeting at which agreements had been reached. The terms of the agreement were not announced.

## MORTUARY

Martis.

Valentine Martis died Thursday afternoon at 1:20 o'clock at the home of George Ferreira, 325 East Morgan street. Mr. Martis arrived Tuesday morning from Visalia, Calif., but the rigors of the trip were such that a malarial illness, contracted before leaving California, grew serious and Wednesday it became apparent that the end was not far off. The compelled to go west eight years ago, Mr. Martis has during his stay in California been in good health and it was but a short time ago that illness attacked him.

Mr. Martis was born in Germany sixty years ago, coming with his parents to America while a small boy. He was reared in St. Louis and attended the schools of that city, coming to Jacksonville he engaged in the cigarmakers' trade and it was at this trade that he found employment while in Visalia.

Mr. Martis was quiet and unassuming in all his ways, but was always willing to aid a friend in need. His entire life was marked with

## Willard Reaches the Million Mark

On Saturday, April 8th, the total production of automobile lighting and starting batteries by the Willard Storage Battery Company of Cleveland reached the total of one million. The production in the immense factor of this company has grown by leaps and bounds during the past year since completion of the new plant.

The long experience of the Willard Company in manufacturing storage batteries is largely responsible for so many car builders making Willard their choice. That their judgment is good has been strongly evidenced by the year in and year out satisfaction reported by car owners.

This means satisfaction not only in the battery itself, but in the service which is afforded by over 725 Willard Service Stations.

To increase this owner satisfaction, the Willard Company originated a unique plan of giving free inspection, once every month to any car owner, regardless of the battery he used. This plan has worked out very successfully and has been followed by a great many other storage battery manufacturers.

## SOCIAL EVENTS

### Household Science Club of Woodson

The Woodson Household Science Club held its regular meeting Wednesday afternoon at the home of Mrs. Harry Smith. Miss Zella Benson and Miss Edith Williamson, seniors of the Jacksonville High School, gave several demonstrations of snow pudding, heavenly hash and spring salad.

The young ladies gave the demonstrations in a very creditable manner and the members of the club praised them highly. Mrs. Smith served light rolls and butter with the salad.

The club met recently also at the home of Mrs. Benjamin Smith and held one of its regular meetings. The roll call was answered by helpful household hints. A paper on "A Balanced Ration," by Mrs. Joseph Bell was a part of the program. Mrs. Ben. Smith demonstrated light rolls following this there was a discussion of the different kinds of flour and the different ways of making bread.

### Hebron Helpers Class Met With Mrs. Martin.

The Helpers' class of Hebron Sunday school was entertained at the home of Mrs. Clyde Martin Thursday afternoon. A program of great interest was carried out, including a paper by Mrs. Thomas Fox and a scripture reading by Mrs. Chester Wilson. Following the program came a social hour during which the hostess served delicious refreshments. The next meeting of the class will be with Mrs. Chester Wilson Thursday, May 11, instead of with Miss Rowena Sinclair, as previously announced.

### Indoor Picnic Given At Congregational Church.

A merry scene was presented at the Congregational church parlors last evening when members of the Sunday school and church crowded the rooms with an indoor picnic. There had been a contest for members between two divisions of the Sunday school, the Blues and the Reds, the Blues losing, were obliged to supply the feast which they did in a splendid manner. Everyone present most thoroughly enjoyed the occasion and the final bill of fare offered by the losers. A happy evening was enjoyed by all, while an impetus was given to the Sunday school.

### Supper and Play at Literberry Church.

"Clabbing a Husband" was the title of a successful play given Thursday evening by young people of Literberry Baptist church. Supper was served just before the performance. On the entertainment committee were Mrs. J. M. Lanier, Mrs. J. M. Luter and Mrs. O. M. Petefish. Mrs. Ona Crum and Mrs. W. E. Murry composed the supper committee.

### Miscellaneous Shower for Miss Elsie Howe.

In honor of Miss Elsie Howe, who is soon to wed Charles Lee of Chicago, Miss Catherine Sweeney entertained Thursday evening at her home on South East street. The event was a miscellaneous shower and a pleasant social evening by more than a score of friends of the bride-to-be. In the contests first prize was won by Miss Elizabeth Sloan and the consolation prize by Miss Frances Tuite. Among the many appropriate gifts was a silver tea set from the class of '14 at Route college of which Miss Howe is a member. A handsomely finished coffee percolator was the gift of the U. O. S. P. club. Delightful refreshments were served.

### Sigma Pi Society.

Members of Sigma Pi society held a regular meeting last night in Beecher hall. Declarations were given by Robert Capps and by Clyde Land. Fred Bray and Wayne Stead were the readers. Allan Smith read an essay and Baker was extempore speaker. On account of the absence of members who are on the college baseball team, the regular debate was dispensed with.

### Japanese Studio Tea.

Large numbers attended the exhibition of Japanese prints Thursday afternoon and evening at Trinity Guild house. The works of art were shown in connection with a "Studio Tea" given by the young women of the Altar Guild, for benefit of the guild and of the open air school. For benefit of friends who have not had opportunity to inspect the prints, the exhibit will be continued this afternoon from 3 until 6 o'clock.

### LOOKS LIKE HUNG JURY IN MYRTLE HEGARTY LIQUOR CASE

Verdict Had not Been Reached at Early Hour This Morning—Trial Occupied All of Thursday in County Court.

The argument in the case of Myrtle Allen Hagerty, charged with selling liquor in anti-saloon territory, was concluded about 4 o'clock Thursday afternoon and the jury retired to consider their verdict. No agreement had been reached when the Journal went to press this morning.

The jury, which included Leo Lockhart, Clyde D. Black, Owen Winghamam, S. A. Gunn, Spencer Carpenter, William Wiswell, William Dahlgren, John E. Boland, W. H. Schumaker, Charles Filkin, George Harris and William Kepler, was secured just before adjournment of court Wednesday. The taking of evidence began when court convened Thursday. The witnesses were Chief of Police Davis, Officers White and Kiloran, and M. R. Hart, who testified that he had purchased liquor from the defendant.

## On the Remington and Nowhere Else

Here are two facts about the Remington which every typewriter buyer should know:

1. The Remington Column Selector adds 25 per cent. to the letter writing speed of the typist. This is not a claim or an estimate. It is a definite fact—proved and established by any number of comparative tests.
2. The Column Selector is a Remington feature exclusively. No other machine has it—or anything like it.

Oh, yes, other machines have devices which look like it, with the five keys, etc. It is easy for a salesman, who knows the supreme merit of this Remington feature, to call them "column selector" keys. But there is no other device on any other typewriter which can do what the Remington Column Selector does.

The Remington Column Selector is the only feature on any typewriter which permits instantaneous setting of the carriage at any desired point on the line.

It is the only feature which provides this setting by either forward or backward movement.

It is the only feature which provides true "express service" with no stop-to-stop movement in reaching any writing point.

And there are the features which make the 25 per cent. speed gain.

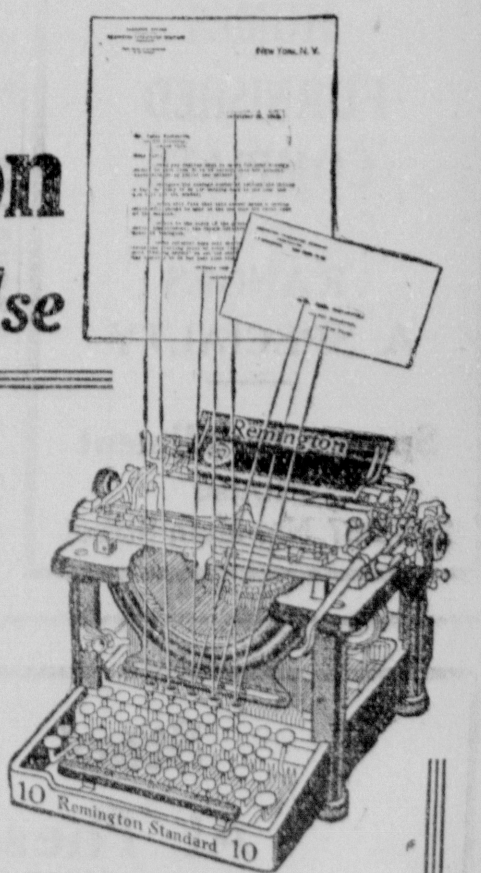

Let us show you the real and only Column Selector—on the Model 10 Remington.

# RECITAL AND RECEPTION AT I. W. C. PROVES MOST ENJOYABLE EVENT

Mrs. Edith Ayers McCullough Heard in Pleasing Rendition of Song Groups in Four Languages—Three Hundred Guests Assemble.

More than three hundred guests gathered to hear the song recital of Mrs. Edith Ayers McCullough Thursday evening at Illinois Woman's college and later assembled in the parlors to enjoy the hospitality of Dr. J. R. Harker, president of the college, and Mrs. Harker. Song groups in Italian, German and French were artistically given, as were five beautiful melodies in English. After the recital, guests had opportunity to meet Mrs. McCullough, who is a niece of Dr. and Mrs. Harker and a well known Chicago soprano. In the receiving line were Dr. and Mrs. Harker, Mrs. McCullough and Miss Amy Mothershead, dean of the college.

Thursday afternoon students of the academy and underclassmen were received by Dr. and Mrs. Harker, assisted by young women of the junior class. Upper class students assisted. During the afternoon music was furnished by an orchestra of four pieces: Miss Eloise Capps, Miss Beulah Smith, Miss Charlotte Hunszate and Miss Edith Brown, pianist.

In the corridors plum blossoms were used in decoration and in the social room, plum blossoms, Easter lilies and potted plants. In the evening a fire was built in the large fireplace on the east side of the social room. This has but recently been completed, but already it has proved a most pleasing feature of Woman's college life, lending as it does an air of homelike comfort to any gathering of friends or students. The reception room, elegantly furnished, was well set forth for inspection of the guests, both afternoon and evening.

Mrs. McCullough has a voice of unusual richness and warmth. In each selection she displayed a peculiar smoothness of finish, combined with beautiful pianissimo effects and fine diction in all four languages. Especially sympathetic was her interpretation of the Vissi D'Arte of Puccini and very beautiful also was the Helle Nacht of Hermann. The Debussy aria was nicely sung and most charmingly rendered was the dainty "Wind" of Strauss. The program reached a most fitting climax in "The Bird of the Wilderness."

Concord, N. H., April 27.—Today is New Hampshire's annual Fast Day, appointed by Governor Spalding.

# U. S. ASKS TURKEY WHETHER ELKUS WILL BE ACCEPTABLE

WASHINGTON, April 27.—The state department today inquired of the Turkish government whether Abram I. Elkus, of New York, would be acceptable as ambassador to succeed Henry Morgenthau, whose resignation has been accepted by President Wilson.

No difficulty over the appointment is expected and the nomination probably will be sent to the senate within a few days. In reply to Mr. Morgenthau's letter of resignation, the president has written him commending him for his work in Constantinople since the outbreak of the European war.

Mr. Morgenthau already has actively entered upon organization work for the present Democratic campaign.

# JUDGE JONES AFFIRMS DECISION REFUSING INCREASED RATE

SPRINGFIELD, Ill., April 27.—Judge Norman L. Jones in the Sangamon county court here today affirmed a decision of the Illinois state public utilities commission refusing the Atchison, Topeka and Santa Fe railroad company and railroads in the state an increase of one cent on each one hundred bushels on intra-state grain shipments. The railroads will, it was said, appeal the case to the supreme court. The Farmers' Grain Dealers' association of Illinois, the Merchants' exchange of St. Louis and downstate boards of trade opposed the increase. The interstate commerce commission recently allowed railroads on interstate shipments the increase asked in Illinois.

# STATES PURCHASE WILL NOT BAR INDEPENDENTS FROM CHICAGO

CHICAGO, April 27.—B. E. Sunay, president of the Chicago Telephone company, appearing at the state utilities commission's hearing on the independent telephone interests protest against the acquisition by the Chicago company of the Automatic Telephone System of this city, said the purchase would not deprive the independents of an entrance to Chicago as the latter contend.

The Chicago Tunnel company asks approval of the sale of its property to the Chicago Telephone company. "When the dismantling of the Automatic Telephone company takes place," Mr. Sunay was asked, "in lieu of this dismantling what service are you willing to give the independent companies using the lines of the automatic company?"

"Facilities equal to those they now have, or better," the witness replied.

RAISE WAGES OF COTTON MILL OPERATIVES  
New Bedford, Mass., April 27.—Fifty thousand cotton mill operatives will benefit by wage advances announced today by the manufacturers' association in this city and Fall River. The increase in each case will become effective May 1st, and will amount to ten percent, bringing the scale of wages to the highest point in the history of the industry in this section according to mill authorities.

ANNOUNCE WAGE INCREASE  
Butte, Mont., April 27.—Announcement was made today by the Anaconda Mining company and other mining companies operating in the Butte district, effective May 1st, the wages of miners and smelter men at Butte, Anaconda and Great Falls, would be raised twenty cents a day. This makes the minimum wage \$4.50 per day.

About 25,000 men are affected by the increased wages.

STOUT STARTS FOR PHILADELPHIA  
Chicago, April 27.—Clyde J. Stout, captain of the University of Chicago track team and star middle distance runner, lifted his eligibility ban and started today for Philadelphia where he may compete in the relay carnival there tomorrow and Saturday. The Maroon's one mile team already is in Philadelphia.

SPANISH AMBASSADOR IS DINED  
Washington, April 27.—The Spanish Ambassador and Mrs. Blano will be the guests of honor at a dinner to be given tonight by Vice President and Mrs. Marshall. Tomorrow evening the Marshalls will give a dinner to Speaker and Mrs. Champ Clark.

# HUNT SUBMITS RESIGNATION AS CHIEF OF CHICAGO DETECTIVES

Explains That Politics Have Entered So Largely Into Game That Efficiency of the Bureau Has Been Impaired.

Chicago, April 27.—Captain Nicholas Hunt who was made head of the Chicago detective bureau several months ago, sent his resignation to Mayor Thompson this afternoon.

Captain Hunt explained that politics had entered so largely into the game that the efficiency of the bureau was impaired.

"When I took this job I understood that I was to have a free hand to run a real detective bureau and to clean up the town," said Captain Hunt. "As it is good men that I want are kept at, or sent to outlying stations and inefficient men with 'pull' are kept at the bureau. No discipline is possible. It's up to the mayor. I'm going to run this bureau or get out."

Captain Hunt for many years was inspector of the Hyde Park district. He retired with a fortune made largely in real estate. His appointment was heralded as healing the breach between State's Attorney Hoyne, who alleged persistently, that the police force was "rotten" and Mayor Thompson.

There was much interest felt in what action the mayor would take on the resignation.

# VERSAILLES MAN IS KILLED IN AUTO ACCIDENT AT BEARDSTOWN

QUINCY, Ill., April 27.—Beardstown, Ill., police are holding five of the occupants of an automobile tonight pending an investigation into the accident which cost the life of Roy Glaze, aged 30 years. When the machine in which the six young men were riding turned turtle a short distance from that city. The six men live in Versailles and had been spending the evening in Beardstown. They had started home and crossed the bridge into Schuyler county when the machine skidded and turned turtle, Glaze being caught under the machine while the other occupants were thrown clear of the wreckage. The accident occurred shortly after eleven o'clock tonight.

Roy Glaze, who was killed in the accident was the son of Charles Glaze of Versailles.

Word from Beardstown early this morning said that Glaze's neck had been broken and that his body was taken from under the car which had overturned in a ditch filled with water.

It was learned from Versailles that an Overland car had been hired from a garage there but the names of the occupants could not be ascertained. The car in which Glaze was killed was an Overland.

Glaze's body was removed to the undertaking establishment of Cline and Mohlman and a coroner George Barneycastle will hold an inquest this morning.

GIBSON BEAUTY WEDS IN NEW YORK  
New York, April 27.—Miss Irene Langhorne Gibson, only daughter of Mr. and Mrs. Charles Dana Gibson, will be married today in St. Bartholomew's Church to George B. Post, Jr., son of Mr. and Mrs. George C. Post. The bride is a beauty like her mother, who is one of the famous Langhorne sisters of Virginia. The groom's grandfather, who died a few years ago, was one of the most prominent architects in America. Young Mr. Post is connected with his father's banking firm.

Miss Gibson was presented to society last winter by her mother, and since her debut has taken part in the social activities of the younger set. She has inherited the Langhorne beauty. She has frequently visited the Langhorne home in Virginia, and like her mother, she is fond of riding over the beautiful foothill country near the Blue Ridge Mountains.

Her father is the leading black and white illustrator of his generation and has created wonderful types, one of the best known being the "Gibson girl."

PITTSBURGH HAS BIG ART DISPLAY  
Pittsburgh, April 27.—Over 500 paintings, including the best work of the French, British, Swedish and American masters, are being shown in an exhibition that opened today at Carnegie Institute. The famous collections of the French and Swedish governments that were shown at the San Francisco Exposition are included. The Swedish collection includes satuary.

COLOMBIA SENDS OWN VESSEL FOR SUPPLIES  
Philadelphia, April 27.—The work of loading the Colombian line steamer Colombia, owned the government of Colombia, with a cargo of water-pipe for the southern republic, will begin today at Florence, N. J. A huge quantity of pipe has been ordered and three consecutive voyages will be necessary to transport it to Colombia. On account of the prevailing high ocean freight rates, the southern republic deemed it cheaper to send its own vessel. The pipe will be delivered at Barranquilla.

SHOT BY HOLDUP MAN.  
Decatur, Ill., April 28.—George Zeller is in the hospital here as a result of a bullet wound inflicted by a holdup man who held up Zeller and a companion in the north part of the city at 12:30 this morning. The holdup man made his getaway only to attack another victim, Maurice Powers, a few minutes later, on a street near the first attack. For several nights the holdup man has been busy in Decatur, in each instance escaping.

## HOSPITAL SOCIETY TWENTY YEARS OLD

### ORGANIZATION A GREAT AID TO PASSAVANT.

Program at Meeting Thursday Included Summary of Work Accomplished and List of Members—A Great Record.

Thursday, April 20, was a day long to be remembered in the annals of the Hospital Aid society as it marked a double occasion, the celebration of the twentieth anniversary of the founding of the society and the last meeting of the present year. The attendance was large and the time was delightfully spent in hearing reports and socially, while delicious refreshments were served and much enjoyed. It was a cause of regret that Miss Verner, the capable superintendent, was absent attending the national convention of nurses at New Orleans in company with Miss Edith Straight, a registered nurse.

A letter of greeting and a check were received from Mrs. George Hinton of Chicago. Mrs. Kate Hicks Hollinger, treasurer, read the condensed report of the past twenty years and it was indeed deeply interesting.

It is given below. Mrs. Miller Weir, secretary, read her annual report and it is a source of regret that only a condensation is possible.

During the year past the society held 15 regular meetings, one all day meeting and two special meetings during April. Average attendance, 12. Eight new members have been received. The society pledged and paid \$190 toward the building fund.

The churches of the city have contributed in cash to the society:

A considerable amount of much needed sewing has been done by the ladies of the various churches, the wives of the United Commercial Travelers, the Fine Point club, the East Side Tuesday club. The aid society

and the churches gave liberally fruits, vegetables and canned goods totaling 503 quarts fruit, 291 glasses jelly, besides apples and various vegetables. During the year the industrious ladies of the society made 365 articles and the churches and societies, 330, total, 695.

The society voted \$25.00 toward hospital supplies.

The Hospital Aid Society meets twice each month from October 1st to May 1st. We average about twenty-five hours of work each year. We have a membership of over one hundred active and associate. We devote both time and money to the

object in view. We send the much needed articles and keep up the interest in the enterprise which so faithfully comes under our Master's injunction to aid those who need it.

The first two or three years of our work for the Hospital was rather discouraging, we did little sewing as those were strenuous times for the hospital. They were limited in finance, and could not furnish supplies. The ladies turned their attention to an unfortunate child in the Hospital. They kept her nice. Clothed, furnished and made dresses, underwear and etc. All of the good faithful sisters as well as Dr. King, always gave the ladies words of praise and appreciation for what they were doing for Passavant Hospital.

### WOMAN'S DREAM IS TRUE AT LAST

She Knows Why Multi-Millionaires Offer to Divide Fortunes.

To be assuaged from nervous dyspepsia for ten years, and to hear all the tortures, mental and physical, that this all too common ailment brings, and then to find relief almost over night, is like having a happy dream come true.

But this was the delightful experience of Mrs. Margaret Hunter, of 40 Eighteenth street, Newport, Ky. Mrs. Hunter, the wife of a well-known and highly successful real estate dealer in the Kentucky city, recently told of the long hoped for change in her life.

"For ten years," explained Mrs. Hunter, "I have suffered from nervous dyspepsia. When I read of the offers of multi-millionaires to divide their fortunes if they might be cured of this terribly distressful malady, I felt that in this way they must be cured, because I had no millions to offer."

"I used all manner of remedies without avail. Even the strictest dieting did not help me materially. Food in any form was absolutely repellant at most times. But worst of all, of course, was the constant nerve strain. I had all of the symptoms that dyspepsia causes—headaches, backaches, and pains in the kidney regions, nausea, dizziness, sleeplessness, bad taste in my mouth, a coated tongue, forming of gas in my stomach and bloating, and I was in a generally rundown and thoroughly nervous condition."

"And then came the joyful surprise. After the first few doses of Tanlac I was benefited. Now I am back to a normal condition, nerves quieted, restful sleep, and my food digesting as it should, and, of course I am gaining strength daily."

"My husband, who has seen the splendid effect of Tanlac on me, has also taken it."

Tanlac, that inspired this intensely interesting story, big in importance to men and women everywhere, now is being introduced in Jacksonville at Coover and Shreve's Drug Store where it is being fully explained daily.—Adv.

People who are forced to stand on their feet all day know what sore, tender, swollen, burning feet mean. They use "Tiz" and "Tiz" cures their feet right up. It keeps feet in perfect condition. "Tiz" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pains in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never flinch or draw up your face in pain. Your shoes won't tighten and hurt you; feet.

Get a 25-cent box of "Tiz" now from any drugstore. Just think! A whole year's foot comfort for only 25 cents.—Adv.

## SOX BUNCH HITS OFF MITCHELL AND WIN

### FABER IS HIT HARD BUT SUPPORT SAVES HIM

Naps Make Their Three Runs On a Hit, Two Passes, An Error And a Sacrifice Fly—Senators Down Athletics

Cleveland, O., April 27.—Chicago bunched its hits off Mitchell today and won 5 to 3. Faber was hit hard but his support saved him from being scored on until the sixth when Cleveland made its three runs, on a hit, two passes, an error and a sacrifice fly.

ATHLETES TAKE FINAL WORKOUT IN PREPARATION FOR CARNIVAL  
PHILADELPHIA, April 27.—Despite the cold, damp weather that prevailed here today Franklin field was crowded with visiting athletes limbering up and taking their final workout in preparation for the University of Pennsylvania carnival tomorrow and Saturday. The cinder path was in fair condition but the field was somewhat muddy.

Among the early arrivals was the squad from Dubuque college, Dubuque, Iowa, which included Sol Butler, the negro sprinter who holds the record for the 60-yard dash and also is a broad jumper of ability.

The University of Chicago one mile relay team arrived late in the afternoon.

## SPRITED DEMAND FOR RAILWAY SHARES IS A FACTOR IN MARKET

### Virtually Every Division of the Railway Group Scores Substantially in the Day's Dealings.

New York, April 27.—A spirited demand for the more prominent railway shares was a factor of considerable importance in today's active and strong market. Virtually every division of the railway group scored substantially in the day's dealings.

Reading and Union Pacific being the outstanding features at maximum advances of 4½ and 3½ points, respectively.

Coalers also were strong, probably in connection with the more encouraging views expressed by the operators and their employees, but improvement was no less pronounced in various trunk lines, grangers and cotton carriers.

United States Steel led the seasoned industrials and for that matter the entire list in respect to activity and advanced 1½ to 3½.

Other industrials and equipments, including the better known war contract issues and motors were higher by 3 to 6 points. Coppers came forward in the afternoon increased showing on Green Cananea stimulating interest in all the metals including zinc shares.

Mercantile marines were less conspicuous than recently, demand for those shares being less keen, now that it is believed that control has passed to new interests.

Total sales of stocks amounted to 733,000 shares.  
Union Pacific's March earnings showed a net gain of \$1,612,000, were in striking contrast to those of Baltimore and Ohio which disclosed a net loss of \$436,000, due, however, to the unusual increase of \$353,000 in operating expenses.

## BRIGHT, WARMER WEATHER FOR NORTHWEST EASES DOWN WHEAT

### Prices, Altho Unsettled at the Close, Are ½ to ¾ of a Cent Lower—Corn and Oats Lose.

Chicago, April 27.—Bright, warm weather promised for the northwest, where storms and cold had greatly interfered with seeding was influential today in easing down the wheat market.

Accordingly, prices altho unsettled at the close, were ½ to ¾ cent lower, with May at \$1.13½ and July at \$1.14½ to \$1.14½. Corn lost ¼ to ½ cent and oats ¼ to ½ cent. Provisions finished irregular, ranging from 5c decline to a rise of 17c.

Increases in war risk insurance on the Atlantic tended to emphasize sentiment against the wheat bulls during the last part of the session. Announcement that the Greek government had purchased 1,000,000 bushels and that some other export business had been done acted only as an offset in part for the late downward bent of prices.

Corn sown with wheat. Plowing and planting was said to be making rapid progress and there were numerous reports that the country was selling more freely than has recently been the case. Favorable weather for germination and growth pulled down prices in the oats trade. Besides, liquidating sales by holders of the May option continued.

Provisions averaged higher on account of speculative buying of lard and ribs. Profit-sharing which resulted from the bulge led to some reactions from the top prices of the day.

## HOG PRICES ARE UPHELD BY A FAIR GENERAL DEMAND

Cattle Offerings Do Not Prove Numerous—Supplies of Sheep and Lambs Are of Unattractive Quality.

Chicago, April 27.—Hog prices were upheld today by a fair general demand. Cattle offerings did not prove as numerous as on the corresponding day last week. Supplies of sheep and lambs were of unattractive quality.

Chicago Livestock Market.  
Hogs—Receipts, 24,000. Market strong to 5c decline. Bulk, \$9.70 to \$9.85; light, \$9.40 to \$9.55; mixed, \$9.50 to \$9.60; heavy, \$9.40 to \$9.55; rough, 19.40 to \$9.55; pigs, \$7.30 to \$9.15.

Cattle—Receipts, 3,000. Market steady. Native beef steers, \$7.85 to \$9.85; western steers, \$7.70 to \$8.65; stockers and feeders, \$5.80 to \$8.60; cows and heifers, \$4.00 to \$9.20; calves, \$6.25 to \$9.25; pigs, \$7.30 to \$9.15.

Sheep—Receipts, 9,000. Market weak. Wethers, \$8.50 to \$9.00; ewes, \$5.00 to \$8.75; lambs, \$7.25 to \$11.50.

St. Louis Livestock Market.  
Hogs—Receipts, 9,200. Market 5c lower. Pigs and lights, \$7.50 to \$9.75; mixed and butchers, \$9.60 to \$9.90; good heavy, \$9.85 to \$9.95.

Cattle—Receipts, 900. Market strong. Native beef steers, \$7.50 to \$10.00; yearling steers and heifers, \$8.50 to \$10.00; cows, \$5.50 to \$8.50.

Sheep—Receipts, 1,200. Market strong. Yearling wethers, \$9.00 to \$10.75; lambs, \$10.00 to \$11.50; ewes, \$7.50 to \$8.85.

# MOTHER OF FOUR CHILDREN

How Lydia E. Pinkham's Vegetable Compound Kept Her Well and Strong.

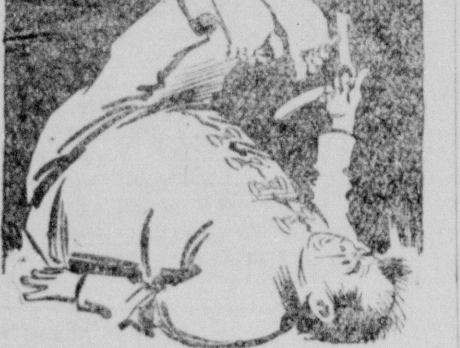

Lincoln, Illinois.—"I have used Lydia E. Pinkham's Vegetable Compound for ten years with good results and I have four healthy children. This summer I was in a very run down condition and the very hot weather seemed more than I could stand, but I commenced taking your Compound in June and from then until September 25th, when my last baby was born, I got along much better than I had before. My baby was a girl and weighed 14 pounds at birth, and I recovered very rapidly which I am sure was due to your medicine. I am well and strong now, nurse my baby and do all my work. I had the same good results with your medicine when needed before my other children came and they are all healthy. My mother has taken your medicine with equal satisfaction. She had her last child when nearly 44 years old and feels confident she never would have carried him through without your help, as her health was very poor."—Mrs. T. F. Cloyd, 1355 North Gulick Ave., Decatur, Ill.

Expectant mothers should profit by Mrs. Cloyd's experience, and trust to Lydia E. Pinkham's Vegetable Compound.

# PREPAREDNESS IS THEME AT DISCIPLES' CONGRESS

ADDRESS BY THE REV. M. L. PONTIUS OF THIS CITY.

Paper on National Issues Arouses Considerable Discussion at Sixteenth Annual Meeting in Chicago—Physical Training Without Militarism.

"National Preparedness" was the theme of a paper presented before the sixteenth annual congress of Disciples of Christ by the Rev. Myron L. Pontius, pastor of Central Christian church, Thursday afternoon at the Hotel Sherman in Chicago. "All that we believe in preparedness for defense, we do not need a navy equal or superior to any nation on earth," and "the we believe in an efficient army, that efficiency does not imply the maintenance of a large standing military force," averred Mr. Pontius.

An opposite stand was taken by Dr. H. O. Pritchard, president of Eureka college, who made a plea for a preparedness program. Said Mr. Pontius in the course of his address, "The most dangerous thing in our nation today is not the possibility of invasion of a foreign foe, but the possibility of adopting a system of preparedness that will enable militarists to dominate the entire nation and plunge the country into war without sufficient provocation." In part Mr. Pontius said:

We believe in preparedness for defense but this does not mean a navy equal or superior to any nation on earth. We believe in greater economy and efficiency in our army, and the efficiency does not depend upon the creation and maintenance of a large standing army. Preparedness for defense does not mean the erection of \$20,000,000 battle-ships which we do not need and which may be destroyed by a few torpedoes from a submarine. We do not need a larger navy, we need a vastly more efficient navy, we need more submarines. A large standing army is unnecessary; it is expensive; it is a moral menace as history and present day facts indicate. It is foolish to leave the program of adequate preparedness to military experts; many of whom have received their promotions and rank not because of merit or efficiency but because they have assisted the administration; military experts who are the products of militarism and who would advocate naturally an extreme program of preparedness. Military experts should have a voice in framing this program, whatever the program shall be, but they should not have full and complete power. Their ideas should be modified and supplemented by the ideas of our best statesmen and by the lessons of experience, and by real and not hypothetical possibilities of invasion.

A Threat to Freedom The germ of militarism is as destructive to the community conscience and the national welfare than the bubonic plague is to the health of the human body. Preparedness that demands a navy comparable to any nation in the world means militarism, militarism means the rule of the few, and the rule of the few means a tremendous waste of money and the development of an autocracy more to be dreaded than an invading army. The most audacious and openly defiant proposition ever offered a free government came recently from the armor plate manufacturers. It should stir the blood of every liberty loving American citizen to a realization of the serious and menacing influence of such interests so far as our future is concerned. This is only a sample of that which a military program begets. The most dangerous thing in our nation today is not the possibility of invasion by a foreign foe, but the possibility of adopting a system of preparedness that will enable militarists to dominate the entire nation and plunge the country into war without sufficient provocation. Why this sudden fear which generates this preparedness alarm cry? Our relations with England and England's attitude toward us, together with the fact that Canada bounds our country on the north practically precludes the possibility of war between England and the United States. Then if we are to arm against the navy of England it would be necessary immediately to fortify the boundary line between Canada and the United States. This seems so absolutely absurd that the subject should be removed from all minds.

What Have We To Fear? Do we fear an invasion from Germany? Is this the reason why we demand the navy comparable to any navy in the world? But we do not need this great navy to protect our country from possible German invasion. Adequate coast defense, with submarines, (not expensive battleships), would be sufficient. One writer indicates that the value of coast defense has been demonstrated in the present war. The coast defenses in the Dardanelles and along the Belgian coast have quite held their own in the contest with the floating gun. The British have not been able to land troops on the Belgian coast, despite the efficiency of their monitors. Protected by mine fields, with an adequate supply of submarines, and even ordinary coast defense, we would not need to fear an attack from Germany. At the close of this war, Germany will not be able within fifty years to wage a war upon a people who live 3,000 miles from the source of German supplies. Is this incomparable navy needed to withstand a possible attack from Japan? Thirty one transports and sixty two war vessels were necessary to take the Canadian expedition of 33,000 troops to England at the beginning of 1915. With the widest stretch of the most elastic imagination we could not conceive of Japan bringing more than 50,000 troops to this country at one time, and a very ordinary coast defense would protect us from that kind of an invasion.

That China should ever attempt to disturb our peace and invade our country seems absurd when one considers our magnanimous treatment of that country during the past fifteen years. That kind of a program is calculated to produce the International Friendship that lasts. Any possibility of hostilities with France, Russia or Italy is so remote as to be absolutely inconceivable.

A Sane Working Basis Let us advocate the adoption by our nation of another plan. While we are promoting peace and giving our citizens the benefits of a prosperous and progressive age and civilization, let us give our young men that military training which may be procured in our schools, supplemented by additional training for a month each year, if necessary, while the period of young manhood lasts. Then with submarines and adequate coast defense we shall be prepared against any possible invasion. This preparation would not produce a menacing militarism which men fear and which modern civilization dreads.

Let us not burden the war desolated and war bankrupted nations by compelling them to build navies to match our own when this war shall have ended. The greatest act of the United States in recent years came when we returned to China \$14,000,000 indemnity. Some of the interest on that money is being used by China in the education of her sons in American universities. This act upon the part of the United States was in the interest of peace, goodwill, and progress. Why not be magnanimous now when the hearts of the nations are bleeding? Why not lead these nations that are blinded by militarism out into the clear sunlight of peace, brotherhood and fraternity? Why not attempt to make the 20th century civilization so strong that the old unchangeable human nature shall never again break thru to declare war? Why not consider our liberty, our peace, our prosperity, our ideals as blessings of God held in trust for the nations of the earth?

# COURT NEWS

## WOULD REPLEVIN BEER KEG AND BUCKET.

An effort to interfere with "personal liberty" is seen in a replevin bill filed by John M. Butler in behalf of John Zoll of Waverly against William Turnbull. The petition for the writ of replevin alleges that Mr. Turnbull, who is the mayor of Waverly, is unlawfully holding 1 keg of beer, 1 tin bucket and 1 knife, all to the value of \$5, and which Mr. Zoll claims are his personal property. The relationship between the keg and the bucket is obvious but it is not so easy to understand what the knife had to do with the case.

Several other suits were added to the docket of the circuit court yesterday. William Bocking, by Kirby, Wilson & Brockhouse, has filed a creditor's bill against T. B. Orear et al. In this document it is related that the defendant is indebted to Mr. Bocking in the sum of \$7,379.18, with interest at 5 per cent since May, 1915. It is charged that certain gifts made by the defendant to his wife, which it is alleged have totaled \$10,000, interfered with his making payment to the complainant.

Another suit was filed in behalf of William Bocking and is directed against William Walbaum and asks for an accounting in their co-partnership. It is set forth that the partnership was formed between the two and a shelling machine purchased with their mutual funds. That the engine was subsequently sold and considerable work done and that no accounting has been made with Mr. Bocking.

J. Marshall Miller, acting for H. G. Keplinger and M. B. Keplinger, has filed suit against John Mutch in an action of trespass on the case. A note of \$2,500 on which Mr. Mutch is a surety is the basis of the action.

## MOTHERS AND WIVES.

Of this country—those who after months and even years of suffering, have been restored to health and strength by that good old-fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound—are the ones who have spread the good news of health restored, until today there is hardly a town so small that the women who suffer from female ailments do not depend upon Lydia E. Pinkham's Vegetable Compound to restore health—adv.

Mrs. Henry Duncan, O. B. Rees and P. F. Patterson were city arrivals yesterday from Franklin and vicinity.

## AN OLD PAPER.

T. S. Martin, in looking over some old documents recently, found a copy of the New York Herald of April 15, 1865. This paper gave an account of the assassination of President Lincoln, together with a picture of the martyr president. The paper was printed with column rules turned and all of the subject matter gave evidence of the feeling of grief which spread across the country when the knowledge came that Lincoln's great life had gone out.

# SUGGESTIONS FOR THE SPRING WORK

(Roy C. Bishop, Farm Advisor Livingston County.)

## Clover Winter Killed.

Many persons are now plowing down clover which has been winter killed or apparently so. Careful investigation indicates that much of the clover apparently dead will grow. This is particularly true where clover has not heaved badly. Clover badly heaved is dead in every case.

In practically all cases where clover was pastured close last fall or cut late for hay it is dead. This is also true of alfalfa, but sweet clover apparently was not injured by either cutting for hay or pasturing. These results should have attention. They are very important and confirm the statements of this office in reference to Red and Sweet clover and Alfalfa production. If you need hay, examine your clover carefully before plowing. Most clover plants with tough, resistant crown roots will grow. If you must have hay this season, soy beans, sudan grass or Sweet clover and oats may yet be sown on clover land to good advantage for this purpose.

## Sweet Clover.

I have examined the Sweet clover on many fields and find it in fine condition in practically all cases. In some cases where Mammoth and Sweet clover and Alfalfa were sown together, I find only the Sweet clover remains. This condition should be studied by every one in the county. In low, wet places Sweet clover and all other plants have heaved badly, and some persons have started to turn down the Sweet clover, thinking it dead or that it soon would be so. Don't do this if you need the Sweet clover for hay or any other purpose. Practically all badly heaved Sweet clover will grow. It will be a little later, as a result of this, in getting a start but in nearly all cases where there is a root or portion of root left in the ground it will grow. Go into your field and study this condition. See if this is not true.

## Alfalfa.

Where the alfalfa has heaved badly it is dead, but much alfalfa

# Cut This Out—It Is Worth Money

Cut out this advertisement, enclose 5 cents to Foley & Co., 2335 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing:

- (1) Foley's Honey and Tar Compound, the standard family remedy for coughs, colds, croup, whooping cough, tightness and soreness in chest, grippe and bronchial coughs.
- (2) Foley Kidney Pills, for overworked and disordered kidneys and bladder ailments, pain in sides and back due to kidney trouble, sore muscles, stiff joints, backache and rheumatism.
- (3) Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic. Especially comforting to stout persons, and a purgative needed by everybody with sluggish bowels and torpid liver. You can try these three family remedies for only 5c.

apparently dead I find will come out satisfactorily. Where winter killing has thinned the stand badly, re-seed at once after having pulverized or dragged the field.

## That Corn Crop.

Corn cultivation should begin this week. But, you say "Impossible." "Absurd." If you say this you are wrong.

Definite and conclusive experimental work carried on by the College of Agriculture of the University of Illinois shows that the largest god in the cultivation of corn lies in the killing of weeds. Experience by the best of Livingston County corn producers has shown this also. Then, when can you kill the most weeds with the least work and difficulty? From now until corn planting time.

The drag should be used first, since dragging encourages the most weeds to grow and mulched the soil best; the pulverizer should follow.

## Soil Management.

Scientific results from soil management work are already in evidence this year throughout the county. Wheat on improved soil is good in nearly every case, but on soils not improved wheat is either dead or nearly so in practically every case. This is equally true of the clover and alfalfa crops.

Why not see these things and find out how soils can be best improved and crops made most certain. The person desiring to see positive results from crop and soil improvement this

season in Livingston County will need to keep his eyes open.

## BIRTHDAY SOCIAL.

The Westminster birthday social will be held at the home of Mr. Julia Holmes, West College avenue at 3 o'clock.

## YOUTH IN OLD AGE.

How to Live to be One Hundred Years Old.

With proper attention to diet, prevention of colds, exercise, plenty sleep, proper care of the skin and the use of a strengthening tonic like Vinol, years may be added to one's life.

A Civil War Veteran, Mr. W. Bowers, of Steubenville, Ohio, says "I am 77 years of age. I suffer from general weakness, nerve breakdown and dizziness. An doctor recommended Vinol. I have made up so that I was able to go to work as strong and well as ever."

The reason Vinol is so beneficial to old people is because it contains the very elements needed to replenish declining strength with renewed vigor, viz.—the medicinal elements of fresh cod livers, without oil, peptonate of iron, beef peptonate and a tonic wine.

If Vinol fails to build up a feeble weakened system of old people, we will return the amount of money paid us for it. Leo P. Allen, Druggist, Jacksonville, Ill.—Adv.

### ROYAL APCANUM TO HOLD 1917 CONVENTION HERE

Invitation Extended by E. A. Olds in Behalf of Jacksonville Is Accepted.

The 1916 convention of the Royal Arcanum has been in session at Rockford for several days and a telegram received yesterday from E. A. Olds, regent of the Jacksonville council and a delegate to Rockford, stated that the 1917 convention will be held in this city. At least 200 delegates will be in attendance. Mr. Olds has been busy for a number of weeks planning to secure the convention and when he went to Rockford it was with a cordial invitation written by Mayor Rodgers in behalf of the city and a like letter from Jay Rodgers, secretary of the Chamber of Commerce. The latter also sent a number of telegrams bearing on the same subject.

A few months ago an officer of the grand council came to Jacksonville to look over hotel facilities and he found the city well equipped to entertain the convention.

### SPECIAL REDUCTIONS ON ALL WOOL CLOTH SUITS AND COATS, AT HERMAN'S.

### TWO MORE DAYS FOR WORK DURING CLEANUP WEEK

Co-operative Effort is Bringing Good Results in All the Wards

Just two days more remain for clean up work and while a great deal of desirable work has already been done, a vast amount still remains to be accomplished. The sanitary inspectors appointed for each ward have been busy in their inspection work and have received many requests for information about the prizes offered to school children. The essays which are to be written based on work done by the boys and girls, must be filed with one of these inspectors, and the cash awards will be made by a disinterested committee.

The city authorities are co-operating with the Civic League committee in the clean up week program and each resident is urged to clean up any rubbish there may be on the home premises. The city street department is making an effort to clean up all the streets and alleys and when Saturday night arrives there should not be a single rubbish heap in Jacksonville or an unclean back yard. The city council made dumping ground privileges free at the city dumping ground this week and this action has resulted in lower charge for hauling.

### PUPILS RECITAL GIVEN AT RECITAL HALL

Misses Gordon, Sorrells and Haigh Gave Delightful Program.

Last evening in Academy Hall Miss Bertha Gordon and Miss Helen Sorrells gave a joint recital, assisted by Miss Fern Haigh. A large audience gathered to hear these three students of the Conservatory, who all performed their allotted tasks with commendable finish and style.

Miss Gordon's piano playing is well known to many in Jacksonville, and she has given much pleasure in former years in recitals in the Conservatory. Her interpretations have broadened and her technique become more sure in the interval since her last public appearance here.

The opening numbers, from the D'Albert Suite opus 1 were played with all the brilliancy and tonal variety that is their due. Miss Gordon seemed quite self-possessed and showed no distracting mannerisms. In her second group, made up of Schumann compositions, she revealed an exquisite pianissimo, as well as much elasticity of nuance.

She was enthusiastically recalled after this group. In the final triple number there was a pleasing variety and lightness, the second Etude of Neupert and the fantastic Arabesque of Debussy making a particularly good impression. Miss Gordon is undoubtedly very gifted, musically. Her tone is never hard, and her playing never suffers from monotony.

The first number played by Miss Sorrells was the Sonata in G minor of Tartini. This Sonata, owing to the character of the first movement, has been subtitled "Didone Abbandonata". The player showed a great deal of poise and assurance, a pleasing tone and a very musical conception of phrasing. She is a violinist of much promise. Her second number consisted of the charming Viennese Melody arranged by Kreisler and the rousing Mazurka of Wieniawski, both of which she played with spirit and vigor, bringing out strong contrasts in the last named composition.

Miss Haigh appeared for the first time at an evening recital, and revealed herself as a singer with surpassing gifts and extraordinary intelligence. She possesses most of the elements that go to make a great artist—lovely quality of voice, excellent stage presence, good breath control and enunciation, and natural manner. Her career will be watched with interest.

The graduation recitals of the Conservatory are announced for the week of May fifteenth, and will take place in Northminster church, as usual.

BIDS FOR LAYING WATER PIPE

Sealed bids will be received at the city clerk's office in the city hall up to 10 o'clock a. m., Monday, May 1 for the laying of a six inch water main on East Independence avenue to Myrtle street and on Hooker street from Independence avenue to Lafayette avenue. ### URANIA OBSERVED I. O. O. F. NINETY SEVENTH ANN.VERSARY

Program Last Night Gave Fitting Recognition to Great Order—Honors for David Hamilton.

Urania lodge No. 213 I. O. O. F. observed the 97th anniversary of the founding of the order Thursday evening. Odd fellows and their families to the number of several hundred gathered at the hall and listened to an excellent program. The program was followed by a social hour during which refreshments were served.

One of the pleasing features of the evening was the presentation of veteran's jewel to David Hamilton of Eureka, Kans. Mr. Hamilton formerly resided here and has been a member of Urania continuously for fifty years. During his long absence from Jacksonville he has always kept in close touch with the lodge and it was a great pleasure for him to be present at the celebration Thursday evening. The presentation speech was made by Bro. J. T. Osborne, himself a member for many years and Mr. Hamilton responded in fitting words.

Alex Van Prague past grand master of Decatur was on the program for a number. Mr. Van Prague organized a German singing school and with the assistance of a number of members of Urania gave a great number which made a hit with the audience.

Several numbers were furnished by the orchestra of Urania lodge and two numbers were played by Gregory's mandolin club. The invocation was given by Bro. W. E. Spoonst. Two pleasing vocal solos were given by Earl Pond and two by Miss Esther Spoonst and a piano duet by Misses Tomlinson and Henderson. All received hearty applause but owing to the length of the program did not respond to encore. Brother Walter Schrag gave a black-face comedy sketch which was well received.

The principal address of the evening was given by Brother O. E. Tandy. Mr. Tandy has made many fraternal addresses in Jacksonville and many for Urania lodge but he always has something new to tell and is a favorite speaker of the order. Mr. Tandy outlined briefly the history of odd fellowship and spoke of the great good it had done and is doing in the world. He emphasized the fact that the order does work that cannot be done by any church but he also brought out clearly the fact that odd fellowship was not trying to take the place of the church. Some of the things he called attention to was the care of the orphans by the order and manner in which members are looked after. One thing he brought to his hearers was the fact that when a man became an odd fellow and lived up to the teachings of the order he became a better citizen, a better husband and a better father.

Urania lodge was instituted October 7th, 1857. Thirty-eight members were added during the year ending March 21, 1916. The order now has a membership of 470 and is one of the largest in the state. The committee on arrangements was composed of John K. Long as chairman, T. M. Tomlinson, Ralph E. Crabtree, Herman Weber and E. H. DeWitt. John K. Long served very acceptably as chairman during the giving of the program.

### SPRINGFIELD SUICIDE ASKED BURIAL AT FRANKLIN

Woman Who Shot Husband and Killed Self Left Letter to Her Father.

A brief account appeared in the Journal recently of the murder and suicide in Springfield by which Mrs. Rosa Brown and her husband, William J. Brown, lost their lives. The woman evidently shot her husband as he lay sleeping on a couch and then took her own life. According to the story in the Springfield News-Record, Mrs. Brown left a note asking that she be buried in Franklin. No reason can be assigned for this request as she was not known there. Her husband eleven or twelve years ago was employed as a barber in Franklin but his marriage occurred after he moved elsewhere. His parents, Mr. and Mrs. Preston Brown, live in the vicinity of Waverly, and the remains will be taken there for interment.

Mrs. Brown's parents, Mr. and Mrs. George Cundiff, live at Farmingdale. The three children of the couple were visiting at the Cundiff home near Farmingdale when the shooting occurred. Mrs. Brown had been in a hospital for some time and had only returned to her home Monday. A note she left asked her father to take care of the children and declared that her husband had not treated her well and indicated that there was another woman in the case. However, the relatives of the couple knew nothing of any serious trouble that they had and Mrs. Brown's father believes that her mind was unbalanced.

### OTTAWA MAYOR EXPLAINS PAYING PLAN THERE

Work Is Done by Districts and Whole Cost Assessed Against Property Owners.

E. T. Bradford, mayor of Ottawa, was a business visitor in Jacksonville yesterday and was a dinner guest of Mayor H. J. Rodgers. Ottawa is one of the oldest cities in northern Illinois as well as one of the wealthiest. Considerable progress has been made there during recent years in the way of public improvements. In talking about public improvements yesterday Mayor Bradford explained the plan followed in Ottawa. The paving was laid by a district method—that is, a certain number of streets have been put into a district and a paving contract for the whole work let at one time and the cost assessed against the property owners according to the frontage without regard to the width of the paving. In some streets the pavement was much wider than on others but it was the whole cost of the improvement that was apportioned without regard to the street on which the property might be located. Intersections and all are assessed against the private property and the total cost of one district was about \$6 a lineal foot. In a district completed last year the total contract which was awarded to John Cherry of this city amounted to \$280,000. Another district was outlined the past year and the contract was let recently at \$197,999. The site of Ottawa is somewhat hilly and considerable excavation work is necessary on some of the streets. This probably accounts for the \$6 per foot figure, as that amount is considerably in excess of the estimated cost of brick paving in Jacksonville.

### MANY WANT LICENSE IN ARENZVILLE

It is said that there are thirty residents of Arenzville who have petitioned the town board for saloon licenses since the election by which the town went wet. The board may either limit the number and charge a comparatively high fee, or lower the fee and let all have licenses. The chances are that a great many applicants would not want to begin business unless the number of saloons was limited.

Mrs. F. C. Curtis of Bluffs was a visitor in the city yesterday.

### REV. E. B. LANDIS WILL BE INSTALLED AT WESTMINSTER MAY NINTH

Ministers to Take Part in the Exercises Have Been Designated—New Woodson Pastor to Be Installed Day Following—Resolutions Endorsing Sheriff Wheeler Opposed in Presbytery Session.

Tuesday, May 9, has been fixed as the date when Rev. E. B. Landis will be installed as pastor of Westminster church. Arrangements for the event were outlined by the Springfield Presbytery. Dr. A. B. Morey will read the scripture lesson and offer prayer. The constitutional questions will be asked by Rev. W. E. Spoonst. The sermon will be preached by Rev. J. W. McDonald of Decatur. The charge to the pastor will be by Dr. S. M. Morton of Taylorville and the charge to the people will be by Rev. Mr. Spoonst.

The day following, Wednesday, May 10, Rev. Josephus Latham will be installed as pastor of the Presbyterian church at Woodson, the same ministers taking part with the exception that Rev. Mr. Landis will take the place of Dr. McDonald. The gathering of ministers will be somewhat notable since Dr. Morey has been so long in the ministry. Dr. Morton is a former pastor of Westminster and Dr. McDonald and Rev. Mr. Landis have been long time friends. Another personal touch comes from the fact that Rev. Mr. Spoonst and Rev. Mr. Landis were classmates.

At the meeting of the Presbytery friends of Sheriff Wheeler of Sangamon county sought to have a resolution passed commending his record in office, especially as related to law enforcement. Rev. W. E. Spoonst vigorously objected to this action on the ground that Andrew Russell of this city, a candidate for governor, is a Presbyterian who has always stood for law and order. Mr. Spoonst thought it would not be a fair or reasonable thing to give Mr. Wheeler a special boost when both are candidates for the same office.

### COL. DANA DIES AT HOME IN DULUTH

Deceased Had Notable War Record—Will be Buried in Springfield.

Information has been received of the death of Gustav S. Dana at Duluth, Minn. Col. Dana was for a long time a resident of Springfield. He was a member of the signal corps of the Army of the Potomac in the Civil war and took part in many of the greatest battles of that war. The Lincoln guard of honor was organized the night of Nov. 7, 1876, the night after an attempt was made to steal the body of the president and he was a member of that famous guard.

After the war he was in business in Springfield for a great many years. The funeral is to be held in Springfield and interment will be at Oak Ridge cemetery.

The world renowned Knox hats are sold and guaranteed by FRANK BYRNS Hat Store.

### MAJOR HURT BURIED AT OAK RIDGE CEMETERY

Major John S. Hurt of Buffalo Hart, Sangamon county, was killed recently by an Illinois Central passenger train near Barclay. The funeral was held at Oak Ridge cemetery in Springfield Thursday and Major Hurt was buried with full military honors. The body was met at the station by a delegation of Spanish war veterans, troop D of the 1st cavalry, Illinois National Guard, and the veterans' corps of the governor's guard. A short service was held at the home near Buffalo Hart and a further service was conducted in the First Presbyterian church in Springfield, when Rev. Donald C. MacLeod preached the funeral sermon. Major Hurt's service to his country in the War of the Rebellion was conspicuous.

### STATE UNDERTAKERS.

The state convention of Illinois Undertakers' association will be held in Decatur, June 14-15. All the sessions will be held in Convention hall at Hotel Orlando and headquarters will be maintained at the hotel. A number of Jacksonville undertakers plan to attend.

### MRS. NANCY McEVERS DIED AT HOME HERE THURSDAY

Deceased One of the Earliest Residents of Jacksonville—Funeral Arrangements not Completed.

The aged Mrs. Nancy J. McEvers passed away quietly at her home, 828 West North street, at 1:30 p. m., Thursday. Death was due primarily to the infirmities of age. She was born in Queenstown, Brown county, New York, August 7, 1825, and she could remember as far back as when she was five years of age. She was the daughter of Mr. and Mrs. eter Stringham. The family left New York and traveled to Kirtland, Ohio, by ox team, and Mrs. McEvers well remembered the first Mormon temple, which was built there. Later the family moved to Illinois again using the oxen for transportation over the long distance. It was the custom of several families to unite, making a caravan which was quite imposing. It took two months to make the trip to this place by way of Chicago, which at that time had but a few hundred people in it.

Mrs. McEvers attended school in the basement of a building which stood where Centenary church is now located. Illinois college at that time was giving a great deal of attention to the study of medicine. She often spoke of the wonderful growth of Jacksonville during the seventy-seven years she had lived in it. Her father, Philip Stringham, lived to be ninety-nine years, four months and two days old, and for twenty-three years he lived with her. His father came from Germany.

Mrs. McEvers' husband William E. McEvers died thirty years ago. She has one son, William in the Civil war, a resident of Birmingham, Ala., and another son, Cicero, living on West Lafayette avenue. One son, Eugene, died just before completing the courses in Rush Medical college, Chicago.

Mrs. McEvers was a consistent member of the Congregational church of this city and as long as she was able was faithful in attending its services, and when she could no longer go out, she read her Bible and kept in touch with public affairs as far as possible, and was greatly rejoiced when members of the church and friends called upon her. She was of a bright and sunny disposition and until a few days since, retained all her faculties; was bright and cheery and very entertaining to those who called upon her. She took a cold a few weeks since and from that she failed to rally, altho she was not seriously indisposed until comparatively a few days since, when she took to her bed and gradually sank away. She was a lady of fine character, a faithful wife, a devoted mother, true to her friends and neighbors, kind and accommodating, and had a pleasant happy word for all whom she met. Friends wishing to view the remains may call at the residence of Cicero McEvers, 1340 West Lafayette avenue, after 1 o'clock today.

The time for the funeral has not yet been announced.

**BURGLARS AT ARENZVILLE.**  
Burglars were abroad in Arenzville Tuesday night and the stores of W. L. McCarty, Onken Bros. & Meyer, Batis & Bartelheim and H. F. Trichert were all entered. The goods taken did not amount to large sum as the intruders were evidently after cash only. Strumpfer's hounds from Springfield were secured and took a trail leading from Arenzville to Beardstown. They went direct to a cabin boat near the town and then followed a trail which led them to the business district. There the scent was lost. One arrest has been made but there is little evidence against the man.

### LET CONTRACT FOR FREEZER.

Swift & Company on Thursday let a contract to Joseph DeGoveia for the building of a Sharp freezer in the local plant. The freezer will be built in the poultry department and will be lined with two layers of insulated cork. The freezer will be built inside the present building and its outside walls will be of brick. The contract also calls for the removal of a number of windows in one of the outer walls and rebuilding the same with brick. The work will cost approximately \$1,500 and will be completed about July 1.

### CHICAGO'S EAGLES' MEMORIAL.

Frank U. Correa, worthy state president of the Eagles, expects to go to Chicago Sunday to attend the annual memorial of Chicago Aerie No. 19, one of the largest aeries in the state. The principal address will be made by Frank E. Herring of South Bend, Ind., past worthy grand president. Mr. Correa will be represented Sunday at a special meeting of Hillsboro aerie by M. J. McCabe, his deputy, from Springfield.

### WOMAN'S COLLEGE ALUMNAE.

A meeting of the Woman's college alumnae resident in Kansas City will be held Tuesday afternoon, May 2, at the Grand Avenue temple in that city. An address is to be given by Dr. F. M. Rule of this city, who is greatly interested in the college.
